Google Assistant

WORKS WITH
alexa

Brief Introduction

SP1 is an entry-level smart Wi-Fi plug (US Standard) with simple and compact design. With its powerful and smart core, you can easily control the home electronics via your smart phone from anywhere, schedule it to automatically power electronics on and off as needed. Besides, you can free your hands and control it directly with the voice commands when paired with a compatible Amazon Echo or Google Nest device.

SP1 is suitable for indoor small plug-in appliances (such as fan, lamp, humidifier, etc.) and greatly brings smart and convenience to your life.

Features

Remote Control

Switch on and off the plug-in appliances from anywhere

Voice Control

Work with Amazon Alexa and Google Assistant

Set Schedules

Set the devices automatically turn on or off at specific times

Grouping

Create groups to control multiple devices at one time
